Rider**
(indoors version
by van)

**Dans
l'Atelier**
*Madness in the
Workshop*

Stage area and required specifications (metric system) :

Beware : we cannot perform on an elevated stage ! However, if you do have an elevated stage, please send us a precise floor map and we will try to figure out a solution with you.

- Minimum dimensions :
4m (width) x 2,70m (depth) x 2,20m (height)
- Electric power :
1x 16A single-phase (standard domestic plug) 220V
- Tier required or improvised tier made of floor pillows, benches, chairs, tables, etc.
 - 2 rows at the same level maximum
 - adults can stay standing at the back if needed
- Darkness
- Mantling of the set : 1h30 mn
- Dismantling : ½ h
- 1 stage hand to help (dis)mantling the set
- Vacuum-cleaning between every performance

Sound :

We are autonomous and bring our own iPod which will be plugged in our sound system (through mini-jack) with loudspeakers located behind the set.

Lighting :

We are autonomous as well. The actresses take care of the light themselves during the show. We only need a 16A single-phase (standard domestic plug) on stage right.

CAPTION BOX (metric system !)

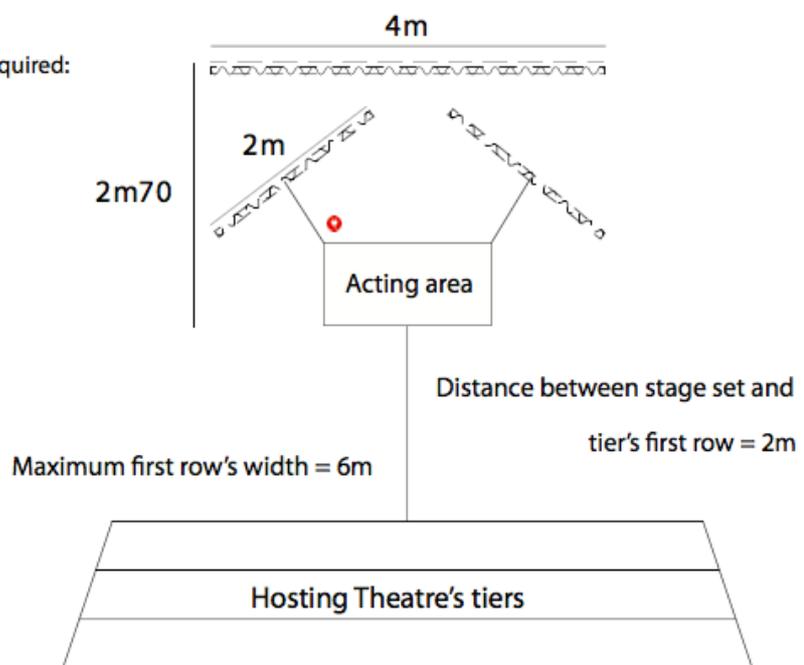

Minimum stage set area required:
Proscenium opening = 4m
Depth = 2m70
Height = 2m20

Backdrops and Leg drops

Power socket

Chantier Frigolite *Puppet construction workshop*

Duration : 1 h

Beware : the workshop can only take place with people who have already seen the show. In other words, audience members can participate only after seeing the show, not before.

Number of participants :

- 25 (adults and children aged 8 and up) after all-audience performance
- 30 min-10-year-old children (1 class) after school performance

Please provide :

- a well illuminated space with sufficient room to welcome all participants and tables
- 3 tables (2m x 1m) or 3 podiums (elevated at 80 cm above floor) + 1 small additional table
- for school workshops : 3 people in charge of co-animating the workshop who are used to DIY-activities with children + if needed, one translator
- garbage bags and someone to vacuum-clean after the workshops
